

LOVE AND JOY HAVE NO BOUNDARIES

Elaine and Peter have recently returned from their 10th visit to Malawi, Africa.

The Zakreskis were humbled to witness the love and joy extended to them by villagers and the warm welcome for the 14 Saskatoon volunteers who joined them on this mission. Malawi and the villagers are now etched permanently into the hearts of the volunteers.

It was a privilege for volunteers to join villagers in celebrating a variety of events made possible through generous donations by many donors who support the Hope for Malawi Foundation Inc.

These events included:

*Official opening of a new wing of a school in Lunzu Parish near the city of Blantyre

*Official opening of Grace Chikwati (an outstanding village volunteer) and Margret Maxwell (donated her land for an Early Childhood Centre) new house's for themselves and grandchildren
